

Follow-on Financing

A total of \$2.53 billion total follow-on financing has been secured by SDTC-funded companies. The asset types of follow-on financing received are detailed below.

ASSET TYPE	
Type of Follow-on Financing	Sum of Follow-on Financing
Debt / Asset Finance	\$150,519,379
Private Equity	\$876,839,735
Private Investment in Public Equity	\$190,934,506
Public Finance	\$849,850,000
Venture Capital	\$462,932,328
GRAND TOTAL	\$2,531,075,949

Follow-on Financing Methodology

Follow-on financing represents additional investments received by SDTC's eligible recipients from the private sector and is used to move the project towards commercialization after the SDTC demonstration phase has been completed. This financing represents a "second leverage" since it is in addition to the financing already in place for the SDTC project phase, which includes investment from SDTC and leverage from initial co-funding partners.
