## Introduction

Sustainable Development Technology Canada (SDTC) is pleased to submit to the Minister of Innovation, Science and Industry, for tabling in Parliament, its annual report on the administration of the *Access to Information Act* for the reporting period commencing April 1, 2021 and ending March 31, 2022. This report is submitted in accordance with section 72 of the *Act*.

The *Access to Information Act* took effect on July 1, 1983. The ATIA gives Canadian citizens, permanent residents, any person, and corporation present in Canada a right of access to information contained in government records, subject to certain specific and limited exceptions.

## Who we are

Sustainable Development Technology Canada (SDTC) helps Canadian companies develop and deploy sustainable technologies by delivering critical funding support and promoting the development of a robust Canadian ecosystem that supports innovation. We do this by:

- Funding the development and demonstration of new environmental technologies
- Fostering and encouraging collaboration among organizations in the private sector, academia, the not-for-profit sector and others to develop and demonstrate new technologies
- Promoting the timely diffusion of new technologies across key economic sectors in Canada

As an independent federal foundation and flagship program, our funding of Canadian entrepreneurs has created jobs, growth, and long-term prosperity for Canada. Since inception, SDTC has invested over \$1.53 billion in Canadian companies who have created nearly 21,000 jobs and are generating \$3.1 billion in annual revenues. Our companies have reduced greenhouse gas emissions by an estimated 22.6 megatonnes annually, equivalent to taking almost 7 million cars off the roads every year.

Governance and oversight of the Foundation's activities are provided by an independent, 15-member Board of Directors made up of private and not-for-profit sector leaders from across Canada with a broad range of experience and expertise. This Board oversight includes accountability for the management of the Foundation's financial matters, strategic direction, and business affairs. A list of the current Board of Directors and Members of the Foundation can be found at [sdtc.ca](https://sdtc.ca).

## Mission

Our mission is to identify and fund Canadian companies that are developing, demonstrating and commercializing new technologies with the potential to transform Canada's environmental and economic prosperity. With our support and funding during seed, start-up and scale-up stages, we are accelerating Canadian companies' ability to become global leaders in their fields.

## Accountability to Parliament

SDTC is accountable to Parliament through the Honourable François-Philippe Champagne, Minister of Innovation, Science and Industry.

Our Board of Directors is responsible for the strategic vision of the foundation and provides fiduciary oversight through four sub-committees: Audit, Governance and Nominating, Human Resources, and Project Review.

Collectively, the Board of Directors brings experience and expertise from multiple sectors and represents diversity in gender, language, ethnicity and region. For the current list of Directors, visit: [www.sdtc.ca](http://www.sdtc.ca).

## Access to Information activities

The President & CEO is the designated head of the institution for the *Access to Information Act*. The President & CEO, with support from the VP IT & Data Strategy, is responsible for the development, coordination and implementation of effective policies, guidelines, systems, and procedures to enable efficient processing of requests under the *Access to Information Act*. The ATIP office consists of one ATIP Coordinator and relies on the advice and guidance of consultants and legal advisors on an as needed basis.

The activities of the Access to Information and Privacy office include:

- Processing requests under the *Act*;
- Developing and maintaining policies, procedures and guidelines to ensure the *Act* is respected by the institution;
- Promoting awareness of the *Act* to ensure SDTC's responsiveness to the obligations imposed on the government;
- Monitoring SDTC's compliance with the *Act*, regulations and relevant procedures and policies;
- Preparing annual reports to Parliament and other statutory reports, as well as other material that may be required by central agencies;
- Representing SDTC in dealings with the Treasury Board Secretariat (TBS), the Information Commissioner and other government funds and agencies regarding the application of the *Act* as they relate to SDTC; and
- Supporting SDTC in meeting its commitments in relation to greater openness and transparency through proactive disclosure of information and the disclosure of information through informal avenues.

## Interpretation of Access to Information statistical reports

From the above statistical analysis comparing this fiscal to the past three, SDTC's number of incoming requests remains low, and complaints and average completion time are down. SDTC's ability to fulfill its Access to Information Act responsibilities were not affected by COVID-19.

During the reporting period, SDTC received three Access to Information requests. SDTC has not received any complaints during the reporting period. We work closely with the Office of the Information Commissioner (OIC) to address complaint files that remain open from previous fiscal years. Between 2015 and 2021, SDTC received a total of 45 complaints. Of these, 27 complaints were discontinued, two complaints were not well founded and resolved, and eight complaints were well founded and resolved. One complaint is before the courts awaiting a final decision, and the remaining seven complaints are awaiting assignment to an investigator by the OIC.

There were eight formal training sessions conducted during the reporting period. The training sessions were a mix of new employee onboarding and ATIP refreshers for existing staff.

No audits were conducted during the reporting period.

No new institution-specific access to information related policies, guidelines or procedures were implemented in the institution during the reporting period.

For 2021-2022, the costs directly associated with the administration of the *Access to Information Act* are estimated at \$253,074.

Salaries	\$5,134
Professional services contracts	\$247,940

## APPENDIX A - Statistical Report

**Name of institution:** Sustainable Development Technology Canada

**Reporting period:** 4/1/2021 to 3/31/2022

### Section 1: Requests Under the Access to Information Act

#### 1.1. Number of requests

		Number of Requests
Received during reporting period		3
Outstanding from previous reporting periods		0
• Outstanding from previous reporting period	0	
• Outstanding from more than one reporting period	0	
<b>Total</b>		3
Closed during reporting period		3
Carried over to next reporting period		0
• Carried over within legislated timeline	0	
• Carried over beyond legislated timeline	0
